FAQ

WHAT DO I NEED TO BRING WITH ME?

- Please bring any medications that you may need. Whilst our vessels feature a stabilisation gyro (which limits rolls motion), we recommend guests take their own precautionary measures prior to travel if prone to sea-sickness.
- We cannot supply alcohol during your charter so please bring it with you!

Towels, sunscreen and toiletries are inclusive.

WHAT ABOUT THE WEATHER?

All of our vessels are fitted with a stabilisation gyro which limits roll motion and allows us to comfortably operate in most weather conditions. The outer reef also acts as a barrier (hence it's name!) and reduces big swell from moving through the inner reefs. We have a array of offshore destinations to choose from that will best suit the weather conditions on the day, so unless conditions are particularly unfavourable (in which case we will contact you), we can generally tailor an itinerary that suits.
